

**Transportation University**  
NDTA-USTRANSCOM Fall Meeting

St. Louis Union Station  
31 Oct – 3 Nov, 2016

**Title:** Domestic Arms, Ammunition, and Explosives (AA&E) and TPS Motor Shipments

**Abstract:**

Note: This class is designed at the following experience level for this topic – **All levels.**

This course provides an overview of the operations of the Defense Transportation Tracking System (DTS) office, and the safety and security concerns associated with AA&E and TPS shipments in the public domain. The course will cover Transportation Officer and carrier responsibilities. It will also provide participants a better understanding of various challenges with TPS shipments to include AA&E transportation safety risks, accident prevention, secure holding, shipment planning, and missing shipment information.

**Organization:** HQ SDDC/G3

**Website:** <http://www.sddc.army.mil>

**Instructors:**

Mr. Travis Jungewaelter, DA Civilian, [travis.m.jungewaelter.civ@mail.mil](mailto:travis.m.jungewaelter.civ@mail.mil); a Logistics Readiness Officer in the Air Force Reserves, currently a Joint Mobility Officer at USTRANSCOM. Since separating from active duty in 2007, he's worked at SDDC as a Joint Logistics Over-the-Shore (JLOTS) planner, Strategic Seaport program manager, and is currently the operations branch chief in the Defense Transportation Tracking System office.
