Title: All Ahead Full with Automation? Let me tell you a story first.

Abstract: In the age of increased automation, operators need a keen understanding of the current state of security. Mr. Stutzman will offer one perspective.

Organization: Wapack Labs Corporation

Website: Wapacklabs.com

Mr. Stutzman is the CEO of Wapack Labs –a Cyber Intelligence Shop in Southern New Hampshire. He has held positions with Cisco Systems, Northrop Grumman, the Software Engineering Institute at Carnegie Mellon University, the DoD Cyber Crime Center and is a former Coast Guard Systems Administrator and Navy Intelligence Officer. He is a founding member of the Honeynet Project, founded the Healthcare ISAC, and was a first watch stander in SANS GIAC (now the SANS Internet Storm Center). He has been cited in the Wall Street Journal, Wired Magazine, NH Public Radio, and numerous trade publications. He holds a BS in Liberal Sciences from Excelsior College, an MBA in Management of Technology from Worcester Polytechnic Institute, and is a Harvard Kennedy School Senior Executive Fellow.
