

**Transportation University**  
 NDTA-USTRANSCOM Fall Meeting

St. Louis Union Station  
 31 Oct – 3 Nov, 2016

**Title: Global Freight Management Update**

**Abstract:**

NOTE: This class is designed for all experience levels for this topic. GFM provides DOD Installation Transportation Officers (ITOs) with an electronic commerce capability for the procurement of commercial freight transportation services and provides a real time data feed to war fighters. GFM provides a centralized automated freight rating, costing, and routing system (Rating and Ranking). This service is also provided to external systems via the Rating and Ranking Web Service.

This session is designed as a program update that will consist of the following items:

- Recent development
- Proposed enhancements
- Available GFM support
- Resources and training opportunities
- Questions and answer period

**Organization:** HQ SDDC G6/IMA-SC, Scott AFB, IL 62258

**Website:** Authorized users can access GFM through the ETA portal at: <https://eta.sddc.army.mil/ETASSOPortal/default.aspx>

**Instructor:** Rob Tondevold, GS-13, HQ SDDC G6/IMA-SC, GFM Functional Team Lead, email: [robert.r.tondevold.civ@mail.mil](mailto:robert.r.tondevold.civ@mail.mil) Mr. Tondevold has 30

years of extensive experience in automated information technology, transportation/logistics system data analysis, transportation system development, system integration and migration, multi-functional transportation and logistics management, and transportation and logistics system policies. He serves as the Functional Lead point of contact for GFM.
