

Transportation University
NDTA-USTRANSCOM Fall Meeting

St. Louis Union Station
31 Oct – 3 Nov, 2016

Title: Defense Cyber Crime Center (DC3) and What It Can Do for You.

Abstract: DC3 is designated as a national cyber center and Department of Defense center of excellence, and serves as the operational focal point for the DoD DIB Collaborative Sharing Environment (DCISE). DCISE assists DIB companies to safeguard DoD content and intellectual property residing on or transiting their unclassified networks. DCISE develops and shares actionable threat products, and performs cyber analysis, diagnostics, and remediation consults for DIB Partners.

DCISE is the reporting and analysis center for the implementation of the statutory requirement in Section 941 of the FY2013 National Defense Authorization Act for reporting cyber incidents by Cleared Defense Contractors (CDCs), and the related amendment of the Defense Federal Acquisitions Regulations (DFARS), known as "Safeguarding DFARS."

**Takeaways include an understanding of the DC3 and DCISE.

NOTE: This class is designed at the following experience level for this topic – introductory.

Organization: Defense Cyber Crime Center (DC3) Defense Industrial Base (DOD-DIB) Collaborative Information Sharing Environment (DCISE)

Website: <http://www.dc3.mil/>

Chris Carpenter.

Mr. Carpenter is the Director of the Defense Cyber Crime Center (DC3), DoD-Defense Industrial Base Collaborative Information Sharing Environment (DCISE), located at Linthicum, MD. DCISE is the DoD designated analysis and reporting center for cyber incidents

affecting the Defense Industrial Base (DIB). Mr. Carpenter strives to enhance the security posture and collaborative relationship between DoD, the DIB, and government stakeholders.

Mr. Carpenter is an information security professional with over 20 years of experience. He has served in various high-level IT positions with different US Government agencies. Mr. Carpenter was the CISO for Secretary of Defense Communications (SDC) and the US Mint. He was a consultant for the Federal Bureau of Investigation (FBI) and the Executive Office of the President. He also has extensive experience managing Security Operations Centers, performing incident response and penetration testing. Mr. Carpenter is a veteran of the United States Air Force, where he served as an avionics technician on various airframes.
